

Jennifer Oláh

Web developer

About me

I have 2 years experience working as a frontend developer. I retained my QA mindset from my earlier career - I love producing clean, quality code and I love learning new things that help me achieve this.

Experience

Javascript Developer (Kinsta, Budapest)

Jan 2022 - Dec 2023 - 1 yr 11 mos

As a member of the Frontend Architect team, I oversaw the maintenance and expansion of an internal **component library**, **refactoring legacy code** and implementing fresh designs throughout the application.

Additionally, I served as the **Project Owner** for a 6-month project, leading a team of junior developers. This role required effective stakeholder communication, feature gathering, task allocation, and responsibility for ticket creation, documentation, and the execution of **agile ceremonies**.

Project Management · **TypeScript** · **JavaScript** · **React.js** · **CSS** · **yarn / npm**

Quality Assurance Associate (Kinsta, Budapest)

Aug 2020 - Jan 2022 - 1 yr 6 mos

I was responsible for conducting manual **smoke tests**, **feature tests** and **regression tests**, keeping close contact with design and development, documenting test cases and writing automated tests in **nightwatch.js**.

Nightwatch.js · **Quality Assurance**

Manual Software Tester (Bug Factory Kft, Budapest)

Oct 2019 - Jul 2020 - 10 mos

I led and supervised a team, managed tasks, **trained new colleagues** and organized testing processes. I also conducted manual testing on Android and iOS **mobile apps** with **documentation** of test results.

Team leading · **New Hire Training** · **Quality Assurance** · **Workflow**
